

Valentine Oladimeji

08060054287 | valoladimeji@gmail.com | Remote, Hybrid

Professional Summary

I'm a seasoned IT professional with a background in technical proficiency and web development. I've built and maintained responsive, user-centric web applications using various programming languages and frameworks. My attention to detail, problem-solving skills, and commitment to continuous learning has enable me to bring a unique perspective to web development. I aim to leverage my IT expertise and full stack development skills in a dynamic development team.

Experience

Stellar Tech Hub | Ibadan, Oyo State

Backend Engineer | 05/2023 - Present

- Developed, maintained, and optimized server-side components and applications, resulting in a 40% reduction in server response times and a 30% improvement in application uptime.
- Designed and implemented RESTful APIs to support frontend functionalities, increasing data retrieval speed by 25% and enhancing overall application performance by 20%.
- Implemented security measures such as data encryption, authentication, and authorization, reducing security breaches by 50% and ensuring compliance with industry standards.

FobeSpace Hub | Ibadan, Oyo State

Front End Developer | 08/2021 - 02/2023

- Developed responsive and interactive web applications, improving user engagement by 40% and reducing bounce rates by 25%.
- Worked closely with UI/UX designers to translate design wireframes and prototypes into functional, visually appealing web pages, resulting in a 20% increase in user satisfaction scores.
- Optimized web applications for maximum speed and scalability by implementing best practices and performance optimization techniques, achieving a 35% improvement in load times and a 15% increase in overall application performance.

Bentinent IT Solutions | Ile-Ife , Osun State

Assistant IT Manager | 08/2020 - 05/2021

- Spearheaded the development and refinement of processes to seamlessly integrate hardware and software solutions for end-users.
